

Service Engineer - Specialty Rental Taiwan 技術服務工程師

職務說明

- Atlas Copco Specialty Rental serves customers in various industry segments all over the world with temporary air, nitrogen, steam and power rental solutions.
- Atlas Copco Specialty Rental Taiwan is looking for a dynamic service engineer to perform preventive maintenance and service jobs on the different equipment in the rental fleet and to carry out on-site service interventions at the customer site during the installation, commissioning, operation and de-installation of rental projects. The rental fleet consists of electrical driven compressors, diesel driven compressors, dryers, boosters, generators and related accessories. You will become part of a dynamic and expanding rental team in which you have the possibility to learn a lot of new things and develop yourself.
- Responsible for service and maintenance of rental fleet equipment.
- Report and conduct investigation into all instances of service failure / non-conformance and recommend action to be taken to prevent recurrence.
- Perform installation and on-site services at the customer/project site, on-shore and off-shore
- Conduct "operator" training and briefing in operator checks, maintenance and operating procedures for rental customer employees or contractors
- Ensure the implementation and maintenance of safe work practices and procedures by yourself and your colleagues, and where engaged, contractors.
- Participate in the maintenance and continuous improvement of safe work practices and procedures
- Liaise with Contractors where required
- Comply with Business Code Of Practice
- 負責設備的維修保養與服務
- 操作堆高機, 協助機台設備入倉
- 提供報告並檢查所有可能發生的故障等情況, 並採取立即的防範措施
- 在現場或離岸的環境下, 執行設備的安裝定位、設定及維修保養服務
- 對相關客戶提供基本的使用操作、維護和操作程序的訓練
- 在工作安全上, 參與並符合工作執行和程序的維護和持續改善
- 提供客戶及時的服務需求

科系要求

電機電子工程相關,機械工程相關,電機電子維護相關
